Depending on the weather there is extra space outside on the quarter-deck.

The romantic canals, the centuries-old houses on the canals and a classic saloon boat - as if time stopped. The classic boat De Amstel is an exclusive ship built in 1920, completing that picturesque image of Amsterdam. It is absolutely the best choice for small parties who wish to see the best of the canals. A romantic dinner for two, a business meeting or perhaps even a marriage proposal - De Amstel is a perfect setting. This sailing beauty gives the canals an extra dose of style and allure. It is one of the most characteristic ships in Amsterdam, with room to enjoy in style both inside and out. The hospitable captain enjoys pampering guests on this small, but fine ship.

Sailing quietly through the canals for maximum contact with the city. A sailing trip in an open boat is a true voyage of discovery under the guidance of one of our many experienced and knowledgeable captains. All of our open boats are electrically driven which makes the experience very quiet and relaxing. The small size of the boats allows them to travel even in the smallest most picturesque canals of Amsterdam. On board you can enjoy drinks, good conversations, and travel through the most beautiful parts of town. For large groups it is possible to hire multiple open boats.

Want to spend an active day on the Amsterdam canals? Your party can explore the city at their own pace with a pedal boat and get a taste of the atmosphere on the water. We have moorings located centrally within the ring of canals: for example, you could start at the foot of the Westerkerk or in the shadow of the impressive National Museum. Combine a team outing with a visit to one of Amsterdam's attractions, regardless of the time of year. Pedal boats can be reserved for groups between twelve and 400 persons.
